★THE AMERICAN★ WAY OF FOOD

HERE WE GO
TO THE UNITED GOURMET
STATES OF AMERICA!

COUNTRY OF CULINARY OPPORTUNITY

You think American cuisine stands for unimaginative
Fast Food? No way! Burger & Co. started their
gourmet careers a long time ago. And the cooking
traditions of the various US regions – influenced by
Native Americans, immigrants, and the particular
vegetation – have advanced to worldwide food
trends. Best examples are long-runners such as
Tex-Mex and Soul-Food. But also recent US trends
such as the homage to German cuisine classics
characterize the “NEW way of American Food”.
Taste the opportunity – think BIG!

AS A TRENDSETTER FOR THE

WE OFFER HEARTY DINER CLASSICS
AND A LOT MORE!

GERMAN Food

THE "KRAUTS" ARE REINVENTING THEMSELVES – BUT NEVERTHELESS STICK TO THEIR ROOTS.

TODAY'S CULINARY GERMANY IS A POSTMODERN MOSAIC.

GERMANY'S CUISINE IS BACK TO HEARTY

The cliché demands: German cuisine is associated to cabbage, dumplings, and hearty meat dishes. But, of course, also Germans have undergone a certain development since the 1950s: culinary traditions from many countries in the world have influenced the German way of cooking. Gourmet cuisine is high on the list of priorities, and trends such as Slow Food and reduced meat consumption have become firmly established. With new developments such as food trucks, molecular gastronomy, or functional food, Germany proves its innovation. So German chefs currently love to reinterpret old classics and regional specialities. Back to the roots!

DELIGHT YOUR GUESTS WITH GENUINE CLASSICS!

GERMAN Food

TYPICALLY GERMAN, BUT EXOTIC! THAT'S HOW THE TREND TO REINTERPRET TRADITIONAL REGIONAL CUISINES CAN BE SUMMARIZED. GERMAN CUISINE IS BACK TO WHERE IT CAME FROM - THOUGH WITH A LOT OF NEW ASPECTS. DELIGHT YOUR GUESTS WITH A CULINARY REMAKE MORE OFTEN!

DID YOU KNOW...

...that our onion rings are a former souvenir from America? Our food scouts brought them from overseas some 20 years ago. In America, onion rings are served, for example, as topping on a tasty American-style burger.

WE CUT THEM FRESH FROM WHOLE ONIONS AND COVER THE RINGS COMPLETELY IN A BEER BATTER.

ANGUS BEEF – QUALITY BY NATURE

Black and red Angus are calm and good-natured cattle. Their name is taken from a Scottish region, but they are also well-known in Ireland: the animals graze for up to 300 days a year in the mild climate of this green island. This makes the fine-fibred meat of the vital, sustainably farmed cattle remarkably tender, juicy and flavoursome. Perfect for our naturally tender Homestyle Angus Burger patties.

SIMMENTAL BEEF – ENJOY A DELICIOUS MEAT PRODUCT

Sunny hills and sweet smelling flower meadows – this is the home of the Simmental cattle. It spends most of the year outside in the Austrian foothills of the alps, grazing on lush meadows. Both the great variety of what it feeds on as well as the continuous exercise are responsible for that very special nutty and aromatic flavour and the high quality of its meat. A true culinary delight! Even gourmet chefs value the juicy meat and its excellent marbling.

THE ULTIMATE HAMBURGER ASSEMBLY GUIDE:

BECAUSE STACKING IS SOMETHING YOU HAVE TO LEARN!

NO MESS UP – GUARANTEED:

HOW TO ENJOY YOUR BURGER IN A STYLISH WAY!

The golden rule of takeaway burgers is that the patty and the bottom of the bun belong together! This forms the best basis for a successful takeaway burger; the whole thing can fall apart at the very first bite if cheese, sauce or lettuce come between these two important elements! Exceptions are allowed: when eating at a table, the chef's artistic presentation can definitely take priority since there is a plate involved, after all!
